Beaded jewelry hand-made in Guatemala is very distinctive. Choose from bracelets in colourful Tartan plaids, each held closed with an elegant lion-and-unicorn button, or black-and-white Maori warrior faces that are woven to life in bracelet form, and will inspire compliments. The 'caterpillar' beaded bracelets are funky and fun, and the Canadian-made Swarovski crystal jewelry is classy and breathtaking. Other beaded designs with vintage-inspired button closures are sure to make a memorable gift to someone special. You'll be pleasantly surprised at the very reasonable prices.

Eco-minded shoppers will delight in Canadian company "Recycle in Style" reusable grocery totes. Each set includes an outer satchel with zip back pocket and fold-over front flap; inside there are insulated meat, dairy, and fruit-and-vegetable bags, and three regular shopping totes. Your trips to the store will be more organized, thrifty, and clean. Choose from: French, English and Greek styles.
