

Exclusive items from Paris, only at J'Adorn

While overseas at the trade show, Corinne had the pleasure of meeting members of the Tillier family, who run a small business in Paris. The Tilliers produce exceptionally crafted lampshades, and overcoming a slight language barrier, Corinne managed to place a custom order for J'Adorn. The Tilliers were excited to have a Canadian representative; in fact, J'Adorn is now the exclusive carrier of Tillier lampshades in North America. These *incroyable* works of art are now on display in the store, and the colours, shapes and designs Corinne has chosen are amazing. From large, colour-saturated shades to intricate nightlight covers, it will be hard to pick a favourite. All are handmade, with finished seams and stunning illustrations, such as European city scenes, bird motifs or the Eiffel Tower. Come in to J'Adorn and marvel at their beauty!

You'll want at least one of the antique reproduction furniture selections, made from reclaimed, 30 to 100-year-old pine. These earth-friendly recycled pieces are hand-carved, affect a unique patina and are infused with history. They are also a very reasonable price. Will you want the French sideboard with deep cupboards, detailed carvings and impressive mirror? How about the spacious free-standing bookshelf, the gorgeous two-piece Louis console and mirror, the charming

storage pedestal, or the enviable fireplace mantle? See them all before they're gone!

There is a large selection of mirrors new to J'Adorn, with ornate vintage French frames in delicate creams and dusky robin's egg blues. Also new are the reproduction chairs in antiqued wood with painted design, and hand-painted fabric upholstery. These would make a chic addition to any room. Look for mercury glass vessels with floral or owl designs, a perfect statement in elegant home decor.
